

## COMMONWEALTH PLYWOOD DISTRIBUTION

Today, most homeowners realize there are better alternatives to standard closet shelving. **Commonwealth Plywood** can now provide builders with an alternative to custom melamine closet systems at pricing comparable to ventilated shelving.

- Unique product manufactured from strong and durable ABS resins.
- Used together with our standard furniture grade melamine and closet rods.
- Provides home buyers with the look and feel of a traditional custom melamine closet system.
- Ideal for secondary closets and storage areas throughout the house.

If you are currently only offering ventilated shelving to your home buyers, **Commonwealth Plywood** welcomes the opportunity to show you how you can add value to your homes by offering this cost effective upgrade option.
