

IMPORTANT ANNOUNCEMENT

May 24th 2022

SUBJECT: IMPACT OF THE WIND STORM ON OUR LONDON BRANCH

THE CURRENT SITUATION

Our London Branch was severely damaged by Saturday's wind storm, but luckily no one was injured.

The full extent of the damage still needs to be determined, but we can only proceed once the building is deemed safe to enter. Initial reports indicate some loss of inventory due to the west wall collapse and subsequent roof damage.

Our phone lines have been redirected to our Waterloo branch, where we can provide updates and serve our customers to the best of our abilities.

We have the full support from our other distribution centres and we are working together to resolve any product delays.

All operations in London have been suspended until further notice.

We appreciate your understanding.

Respectfully,
The Commonwealth Plywood Team

ADDITIONAL INFORMATION

Our team is still working and can provide you updates on the situation.
All calls have been forwarded to our Waterloo Branch.

You can contact us at: 1-800-265-6003
Or: 519-681-5304
